Describe any tasks that could not be completed and how this is being addressed:

Task	How is this being addressed?
N/A	
N/A	

Describe any tasks that could not be completed and their associated impact:

Task	Impact
N/A	

Provide a schedule of this week's meetings and a summary. Include agenda, minutes.

Team FourTrees:
We hold twice a week scrum meetings as a team, accompanied by informal check-ins over group chat as we work through our tasks. For more formal discussions and decision-making, we hold scheduled voice/video calls as required. In these meetings, we typically do the following: ● Review tasks and discuss questions or issues that come up. ● Share or discuss resources we find for the project. ● Review our project plan and update our sprint/task log. ● Plan for team assignments and check-ins.
Client/Sponsor Meetings:
July 2nd 2020 Sponsor and Stakeholder Meeting: - Project update - Alternative deliverable to be documentation and research found. - Questions about jupyter notebook - Features of a Geotiff - Cleaning the data (ignoring clutter text and borders) - .DBF information extraction - Boreal automated connection guide - Training data creation vs transferring
